

Where School Community Connects

Security & Trust

Updated September 17, 2026

School Circle Network uses account authorization, CSRF protection, audit records, and policy acceptance records as part of its application safeguards. No website can promise absolute security.

Report a concern

Do not include passwords, payment card details, or sensitive student information in an initial report. Contact marciab80@gmail.com or use the [contact page](#).

Certifications

Only currently active, administrator-verified certifications appear below. An empty list means the site is making no certification claim.
